2023 - 2 Months

## EDUCATION

**Interior Architect**  
Mimar Sinan Fine Arts University  
Third-Year Student  
Current GPA: 3.30  
2022 - Present

## PROFILE

I am studying Interior Architecture at Mimar Sinan Fine Arts University. Since childhood, I have been interested in drawing and design. Towards the end of high school, I decided to study interior architecture and began learning relevant programs to improve my drawing skills. After being accepted into Mimar Sinan Fine Arts University, I dedicated myself to further development with the guidance of my professors. At the end of my first year, I completed a 2-month internship in interior architecture. During this short period, I gained a significant amount of knowledge and thoroughly enjoyed developing my skills. Additionally, I participated in a 1-month construction site internship at Gürsoy İnşaat A.Ş. where I gained valuable on-site experience. Currently, I am learning and using relevant programs to develop projects at school. I love improving myself, learning new things, identifying and correcting my mistakes, and I am passionate about interior architecture.

## SKILLS

Autocad

Sketchup

Twinmotion

Enscape

Lumion

D5 Render

3DS MAX

Rhino

Canva

Photoshop
